Subject Gulfco Background Soil Sample Locations

Hi Gary -

Per our discussions today, attached is a figure showing the actual locations of background soil samples BSS-6 through BSS-10 and the proposed locations of background soil samples BSS-1 through BSS-5. Please review this figure and let me know if the proposed locations are acceptable. Please note that the proposed locations may be adjusted in the field if needed to avoid visibly disturbed areas per Field Sampling Plan requirements.

Thanks.
